

Notes from Follow-Up Correspondence with We Energies Regarding Data Submittal

This summary documents EPA's follow-up correspondence with We Energies regarding the data that We Energies submitted to EPA on September 20, 2013 in their comments on the proposed Effluent Limitations Guidelines and Standards (ELGs) for the Steam Electric Power Generating Category (EPA-HQ-OW-2009-0819-4475-A2 and EPA-HQ-OW-2009-0819-4475-A3) and on February 10, 2014 (DCN SE04666) in response to EPA's January 17, 2014 data request to We Energies (DCN SE04659). All data submitted by We Energies relate to the FGD wastewater data from the Pleasant Prairie Power Plant (herein referred to as Pleasant Prairie).

On May 28, 2014, EPA provided We Energies with a list of 17 follow-up questions related to the Pleasant Prairie FGD data (DCN SE04328A1). EPA, ERG, and Westat participated in a call with We Energies on June 4, 2014 to discuss these questions.

The following people participated in the call:

EPA Personnel	We Energies Personnel	ERG Personnel	Westat Personnel
Ron Jordan	Dave Lee	TJ Finseth	Yan Zhuang
Phillip Flanders	Kevin Howard	Dan-Tam Nguyen	
Cuc Schroeder	Alison Castronovo		

Prior to the call, We Energies had prepared written responses to EPA's list of questions. We Energies discussed their written responses during the call and noted that they would be sending the written responses to EPA following the call. On June 11, 2014, EPA received these responses from We Energies. EPA followed up via email with We Energies on one of their written responses on June 16, 2014. We Energies responded via email. The following is a list of We Energies' correspondence with EPA (with associated DCNs):

- Email to Ron Jordan from Alison Castronovo after follow-up discussion (DCN SE04328A2);
- We Energies written responses to EPA's follow-up questions (DCN SE04328A3);
- Email to Ron Jordan from Alison Castronovo responding to additional follow-up question (DCN SE04328A4).
